Applications

Kitchen And Bathroom Worktops

Kitchen And Bathroom Wall

Claddings

Kitchen And Bathroom floorings

High Traffic And Moisture Surfaces

Stairs

Fireplaces

Commercial Offices Desk.

Reception Desk, Wall & Floor

Furniture Tops

Food Service Area

Toilet Partitions

Stair Treats

Bar Tops

Elevator Cab Walls

Quartz Surfaces is an extremely versatile Product, and as you will see there are many different application for the product. Whether kitchen or Bathroom, Domestic or Commercial, the possibilities are endless

*Not Recommended For Outdoor Use

Main Advantages

Minimal water absorption

Uses: Worktops, vanity tops, floors, walls and high pedestrian transit areas (stores, shopping centers, museums...)

Dimensional stability that reduces wastage during installation.

Standardized thicknesses: Tile format 10mm, 12mm and slab format 15mm, 18mm, 20mm, 30mm

Maximum durability

Maximum impact and flexural resistance

Resistant to acids, oils, liquids...

High abrasion resistance

Low cost maintenance and easy cleaning

Other Qualities

- Available in a variety of colors
- Durable, long-lasting material
- Smooth, non-porous surface
- Easy to clean and maintain, absence of creaks or crevices prevent bacteria and mold from accumulating
- Homogenous composition allows for even distribution of color throughout material
- UV light resistant

ECO-Freindly Manufacturing for the Environment

Reduces landfill waste

99% filtering of volatile Organic compounds (voc's).

Advanced use of filtering systems.

Emission reductions throughout The manufacturing process.

Re-use of obsolete and discarded items.

Reduction of water usage.

Energy savings by not using New raw materials.

Reduction of natural resources and de-forestation.

94% of water is recycled.
